Verse

You make me wanna be better
Make me wanna dive in headfirst
Without looking back
All that's left behind me
Is a mountain of bad habits
And disappointments with myself

Pre-Chorus

I want to sink into rivers of mercy
Currents of grace that lead me to see
What I look like through Your eyes
What my heart looks like through Your eyes
Sink into rivers of mercy
Currents of grace that lead me to see
What I look like through Your eyes

Chorus

Some people trust in horses
Some in chariots
We will trust in the name of the Lord
We will trust in the name of the Lord

Bridge

Who is like You
No one like You
There is no one like You, Lord
